STAINLESS STEEL

The PCB-OMT-250 is a fully hydraulic obstetric and gynecology table. Hand-wheel and foot-pump operation provide precise positioning without electrical dependence — ideal for facilities with unstable power. The polished stainless steel frame resists corrosion and stands up to daily cleaning protocols.

## — Hydraulic positioning

### MULTI-SECTION ADJUSTMENT

#### Manual hydraulic lift

- Height range 750 – 980 mm via foot pump
- Back section up to 80° via hand wheel
- Leg section down to 90° below horizontal
- Trendelenburg / reverse Trendelenburg  $\pm 15^\circ$

## — Key features

### No electrical dependence

Fully hydraulic — reliable in any facility, even with intermittent power supply.

### Stainless steel frame

Polished SS construction resists corrosion and cleaning chemicals.

### Complete accessory kit

Stirrups, leg supports, and removable obstetric basin included.
