

ELECTRIC OBSTETRIC & EXAMINATION TABLE · HAND REMOTE + FOOT SWITCH · 304 STAINLESS STEEL

PCB-OET-400

ABOUT THE PCB-OET-400

Designed for birthing, gynecology and patient examination.

The **PCB-OET-400** combines flexibility and reliability for **obstetric, gynecological and examination procedures**. **Dual-control electric operation** (hand remote + foot switch) lets clinicians position the table without breaking sterility. The **304 stainless-steel base and column** resist corrosion and tolerate aggressive cleaning protocols.

MOTORIZED ADJUSTMENT

Quiet, motorized **multi-section adjustment**.

Independent motorized articulation of seat, back and leg plates lets you position the patient comfortably for every OB/GYN procedure — **from delivery to gynecological surgery to routine examination.**

- Seat plate: $\geq 20^\circ$ up / $\geq 9^\circ$ down
- Back plate: $\geq 45^\circ$ up / $\geq 10^\circ$ down
- Leg plate outward: $\geq 90^\circ$
- Tabletop elevation by **premium electric motors**
- Low minimum height (≤ 680 mm) for easier patient transfer

MEDICAL-GRADE CONSTRUCTION

304 stainless steel construction.

Base and column built from **medical-grade 304 stainless steel** — resistant to corrosion, tolerant to aggressive disinfection protocols, ready for decades of clinical use in OB/GYN and examination suites.

- **304 medical-grade stainless steel** base + column
- **Seamless mattress** in multiple colors — removable and sterilizable
- **Compact footprint** that fits standard delivery rooms

SPECIFICATIONS

Complete technical data.

MODEL

PCB-OET-400

TABLETOP LENGTH

≥ 1,880 mm

TABLETOP WIDTH

600 mm

TABLETOP LOWEST HEIGHT

≤ 680 mm

ELEVATION RANGE

≥ 260 mm

SEAT PLATE UP / DOWN

≥ 20° / ≥ 9°

BACK PLATE UP / DOWN

≥ 45° / ≥ 10°

LEG PLATE OUTWARD

≥ 90°

BASE & COLUMN MATERIAL

304 stainless steel

CONTROL SYSTEM

Hand remote + foot switch

MOTOR

Premium electric motors

MATTRESS

Seamless, multiple colors
